

JBL Clynol

Water conditioner for cleaning and clarifying

Suitable for:

- Water cleaner the natural way. Cleans and clarifies aquarium water the natural way. For fresh and saltwater aquariums and turtle tanks
- Cleans and clarifies, eliminates discolouration and cloudiness, uses minerals to bind heavy metals, ammonium, proteins and odours
- Healthy water, healthy fish: promotes the well-being of the aquarium dwellers
- Initial cloudiness disappears after 2-24 hours and the water turns crystal-clear
- Contents: 1 bottle Clynol. To use: weekly 10 ml/40 l water. Example: in a 60 l aquarium: 15 ml. For more serious occurrences: 10 ml/40 l

JBL Clynol

Product information

Nature at Home – Home for fish and plants

Fish and invertebrates need to feel as much at home in the aquarium as in the wild. Micro-fine natural minerals spread in the water and, because of their individual surface structure, bind a wide range of unwanted substances, discolourers, particles and even bacteria. The entire aquarium practically becomes a huge filter. This naturally cleans the water and promotes the well-being of the fish and invertebrates. The turbidity which initially arises will disappear after 2 to 24 hours and the water will become crystal-clear.
