

JBL PROTERRA CRICK

NEW

Complete food for feeder insects

Suitable for:  

- Improves the nutritional value of feeder insects for terrarium animals: wholesome complete food for crickets and other insects
- Easy to use: offer PROTERRA CRICK 24 hours before feeding the insects to your terrarium animals
- Valuable ingredients (minerals, carbohydrates, vitamins) to fill the digestive tract
- Feeder insects have often not been fed for a long time and thus offer little nutritional value for the terrarium animals without feeding. Feeding them a high quality food increases their nutritional value essentially
- Package contents: complete food for feeder insects. Can be stored for 3 years unopened, use within 3 months after opening

JBL PROTERRA CRICK

Product information

Valuable ingredients

The feeder insects for terrarium animals originate predominantly from breeding stock and usually empty their digestive tract completely in transport. JBL PROTERRA CRICK replenishes their digestive tract and supplies it with valuable ingredients, such as minerals, carbohydrates and vitamins.

In a renowned terrarium magazine crickets were shown that were completely starved and externally NOT distinguishable from crickets that were well fed! We cannot therefore see the condition of the feeder animals while feeding them.

Product details

Article data	
Product name	JBL PROTERRA CRICK 3x10ml
Art. No.	7255100
EAN number	4014162725516
EAN as barcode	
Content	3 x 10 ml
Weight	12 g
Expiry months	36
RRP incl. VAT	8,28 €
Base price	690 €
Nominal filling quantity	12 g
Base quantity	1 kg
Gross weight	33.12 g
Net weight	12 g
