

# JBL CRISTALPROFI SYMECPAD e

6 filter fleece f. JBL CristalProfi e external filters

Suitable for:

- Cotton fleece has the advantage that it does not fray like filter wool and it can be cut to size exactly
- Use: remove filter sponge from the filter basket and replace it with cotton fleece
- The cotton fleece is so fine that it filters smallest particles out of the water which leads to extremely clear water
- Please rinse cotton fleece once only, then replace
- Package contents: filter fleece, cut to size for the respective filter, 6 pieces

## Product information

These filter fleece items are very useful: They easily can be inserted into the JBL CristalProfi filter baskets instead of a filter sponge and they ensure crystal-clear water in fresh and saltwater. When heavily soiled they can be rinsed once. Then they should be definitely replaced and NOT rinsed anymore. Unlike filter sponges or filter material made of ceramic or sintered glass it is not possible anymore to wash out contaminants of filter wool or filter fleece because they have a too fine structure.
