# JBL CristalProfi m greenline

Mat filter incl. pump for aquariums of 20 – 80 l

Suitable for:

- Clean and healthy aquarium water: mat filter incl. pump and wide jet water return pipe for aquariums of 20 – 80 l volume

- Easy to install: clean the glass pane, press on the filter at desired position with the water outlet at the water surface level

- Safe for small fish and shrimps: no sucking in thanks to fine sponge surface

- 4 years warranty, expandable with second filter module (+ 12 cm in height), push lever to loosen and tighten the suction cup, easy to clean: removable cover for sponge and drain valve – no backflow of dirty water

- Package contents: mat filter, Cristal Profi m greenline, dimensions (L/H/W): 140/220/90 mm, Incl. clip holder for thermometer

Product information

Clean and healthy water
Plant and food remains and metabolic substances lead to a deterioration of the quality of the water in the aquarium. Good water quality is necessary for healthy fish and plants. This can be achieved with aquarium filters. The filters suck in the aquarium water and remove the pollution and waste materials from the water.

Effective
The JBL CristalProfi is submerged completely in water to clean the aquarium water. A maintenance-free pump built into the lower part of the filter ensures permanent water circulation. The aquarium water flows slowly over a large surface area into the filter pad, where it is cleaned and then pumped back into the aquarium.

Safe
Thanks to the large sponge surface with its fine pores there is no risk of small fish and shrimps getting sucked in.

Expandable
The filter can be expanded with a second module (+12 cm in height). JBL grants a guarantee of 4 years.
