

JBL InSet

Suction pipe complete set for external filters

Suitable for:

- Accessory for external filter: suction pipe complete kit for external filter CristalProfi e and other filters
- Easy to install: connect the suction pipe kit to the external filter (external filter not included). Place in the aquarium
- Angled telescopic suction pipe. 12/16 size incl. suction basket = 33-49 cm long, 16/22 = 36-55 cm, 19/25 = 36-55 cm
- Reliable attachment with threaded hose connection
- Package contents: suction pipe complete kit for external filters, incl. intake strainer; available for 12/16, 16/22 and 19/25-27 mm hoses

JBL InSet

Product information

Clean and healthy water

Plant and food remains and metabolic substances lead to a deterioration of the quality of the water in the aquarium. Good water quality is necessary for healthy fish and plants. This can be achieved with various filters. The filters suck in the aquarium water and remove the pollution and waste materials from the water. Filters also house a lot of bacteria which are beneficial for the aquarium.

Easy to install

Connect suction pipe to the external filter. Place the suction pipe in the aquarium.
