- Package contents: 1 double spatula for aquascaping, ProScape Tool SP straight

JBL PROSCAPE TOOLS SP STRAIGHT

Product information

Underwater gardener

Aquascaping is the term used to describe the technique of designing aquarium landscapes. This is the place for plant compositions, for the reproduction of a landscape above water or for natural biotopes. An aquascaping aquarium contains no or few fish and invertebrates.

Pro Scape Tool SP

The spatula helps to form an even ground covering design.
