

JBL NovoRed Refill

Complete food for goldfish

Suitable for: 

- Complete nutrition and ideal growth for goldfish: high content of unsaturated fatty acids through wheat germ
- Nutritious and easy to digest: ideal nutrition for goldfish from 5 to 20 cm. Species-appropriate protein/fat ratio and high vegetable content for a healthy digestive system
- No water clouding: reduced algae growth thanks to balanced phosphate content, better water quality due to better digestibility of the food, which reduces fish excrement
- Fish prefer JBL food: 98.5% of all fish species ate the JBL food immediately during research expeditions in freshwaters. No processing of cheap fish meal, fish meat from fish fillet production for humans is used
- Contents: 1 x 1 l refill pack JBL main food for goldfish, 30221. Use within 4 months after opening = 100 ml supply a 60 l aquarium for 20 days. Unopened can be stored for 3 years in high-quality packaging with foil seal
